

State of Maine
Chimney or Fireplace Construction/Installation Disclosure

State law, specifically 32 M.R.S.A., Chapter 33, § 2313-A, requires that chimney or fireplace installers, as of January 1, 1992, provides you with this "Disclosure" prior to the installation or construction of your chimney or fireplace. The purpose of this disclosure is to inform you that the National Fire Protection Standard # 211 (NFPA # 211) is the current standard which applies to all new construction of chimneys and fireplaces. Please note that the State of Maine does not require registration or licensure of chimney or fireplace installers. It is important to realize that many fires are caused each year from improperly constructed fireplaces and chimneys. This disclosure form should help you in making an informed decision as to the abilities of the installer and understand what requirements the installer must comply with.

Installer Information

Name of Installer _____

D.B.A. _____

Address _____

Telephone _____ Number of years doing installations _____

Installation Standards

The 1996 edition of NFPA # 211 contains provisions for chimney, fireplaces, venting systems, and solid fuel burning appliances including their installations. The standards apply to residential as well as commercial and industrial installations.

Please check the type of construction to be built:

() Factory Built chimney and chimney units.

Factory built chimney and chimney units shall be listed and installed in accordance with the temperature conditions of the listing, the manufacturer's instructions and all applicable sections of NFPA # 211.

() Factory Built fireplaces.

Factory built fireplaces shall be listed and shall be installed in accordance with the terms of the listing. Hearth extensions shall be provided in accordance with the manufacturers instructions or shall be of masonry on non combustible construction in accordance with applicable sections of NFPA # 211.

() Unlisted Metal Chimney (smokestacks) for non residential applications.

Single wall metal chimneys or unlisted metal chimneys shall not be used inside or outside of one and two family dwellings. Metal chimneys shall be constructed and installed in accordance with the appropriate sections of NFPA # 211.

() Masonry Chimney.

Masonry Chimneys shall be constructed by appropriate sections of NFPA # 211 for proper design, support, re-enforced, and installation.

() Masonry Fireplace.

Masonry fireplaces shall comply with all requirements of NFPA # 211 and all other pertinent sections.
